Unusual names or surnames used as given names are indexed.

Any letter or number which is underlined indicates the marker was very difficult to read and should not be assumed correct.

Monuments bearing several names are spaced together.

Comparable stone: Stones in the immediate vicinity which are of like style and color but bear different surnames.

The blocks in the map of Higginsville City Cemetery are not proportioned as to size. They are merely a guide to show the location in relation to the driveways. Between most of the blocks which are not divided by roadways there is a natural pathway or space.

The cemetery records do not show 5th Addition "north", "south", etc. This is added to help in locating a grave: i.e. the flag-pole in one section, the rose garden in another, etc.

6th Addition "north" is called Flatstone in the records.

This book is dedicated to my grandchildren:
Dena Michele and John David Brayley

And to the members of Ta Beau Chapter, Daughters of the American Revolution who lie in Higginsville City Cemetery:
Catherine Vance Rabius, Mary Iman Wentland, Craig Thieman Suplee, Mehetable Davis Hulver and Delome Peacock Calvert.
(bur.Lexington)

A SPECIAL THANK YOU to Ray Robinson, Caretaker of Higginsville City Cemetery,for his assistance and gracious manner.
